

PADI REBREATHER INSTRUCTOR

CROSS-OVER

2 Days

Divers are familiar with the PADI brand and training structure and many divers may wish to continue their diver training through an organisation they are familiar with. PADI Instructors who are already qualified as rebreather instructors on an approved unit through another organisation can easily crossover to PADI Rebreather Instructor on the same unit.

Prerequisites for PADI Rebreather Instructor Crossover Course

- Have a qualifying rebreather instructor certification on the specific unit from a recognised training organisation.
- Meet all the prerequisites for the PADI Rebreather Instructor Course.

During the Instructor Crossover Course you will:

- Attend two Instructor Presentations
- Give one practical application presentation, one knowledge development presentation and one confined water presentation.
- Need to score 80% or higher on the PADI Rebreather and Advanced Rebreather Instructor Exam.
- Perform and pass a Skills Evaluation circuit.
- Successfully complete the PADI Rebreather Diver Workshop.

Certification Requirements:

Prior to certification you must assist on at least one PADI Rebreather Diver or PADI Advanced Rebreather Diver course and can be an actual or simulated course.
